What's taking you so long Doc.? Do you need help with the Differential Equations involved with editing a 2-minute change in 3-year old kindergarten .html code?

WuuzUp Doc.?

Please REMOVE MY NAME FROM YOUR WEBPAGES. I don't want to be associated with no "Project Good-and-Borg Slaf-Publishing Press".

Self-publishing is for charlatans and CRANKS.

Here's a CLUE sport: I don't HAVE a Ph.D. yet, because somebody stole my thesis and sold it to the amerik(1)ans for cash and is now trying to pass as ME, doing self-publishing. Can you READ? (Doctoral Candidate, d. cand., etc.)

You want "Noah's Archive ending up in this page of mine?"

Be my GUEST, please.

Cheers.
